

# Why Do Language Learning Plateaus Occur?

This is what some linguistics say

- You've met your goals.
- You don't have goals.
- You're stuck on a loop, doing the same thing all the time.
- There's a natural slowdown.

# A Drupal story

## Drupal 7 to 8

- Drupal 7 - Procedural code mostly
- Drupal 8 an increase of code made some where else.
- Composer driven
- Drupal 8 mostly OOP
- Forked
